The bibliographic list makes no pretense to completeness in regard to the literature on drugs and drug use. For the interested college or university library, however, the listed books and pamphlets may constitute an excellent foundation collection as an aid to faculty and students who may wish to do reading or research in this area of current concern. It is a well balanced set of information materials, covering a wide range of points of view and emphases. All of these publications are maintained on reserve (Room 333) in the Brooklyn College Library.
